

MOVING TOWARDS SUSTAINABLE GIFTS

CEO MESSAGE

"Vision without action is just a dream, action without vision just passes the time, and vision with action can change the world." – Nelson Mandela

I just can't believe that 10 years have passed. Looking back to where we started and the plan of creating this brand, I just dreamt of having my own line of gift and promotional products – my way and style of items that I wanted to give my client if I am an end-user company or if I am the consumer, what kind of promotional gift should I receive to make me believe on their brand?

This was missing in the past and with it, I was inspired to create my brand. 10 years of launching yearly the trendy promotional items with different types of cool ideas, we were never out fashioned nor outdated. We really aimed to come up with own design, unique and creative items – this is what we wanted to be known for: MAKING DIFFERENCE IN THIS INDUSTRY.

Thank you so much for walking along with us all these times and we promise to strive harder to keep you surprised each year as we launch our new collection. Happy 10 years to Event Gift and wishing more years to come.

EVENT GIFT FOUNDER

“ *This season, I must say that nearly 80% of our collection is **SUSTAINABLE AND RECYCLED**. It is really true that in this advance and industrialized planet, our mother nature is being at stake. Let us take care of the earth by using sustainable and recycled items. Let us do our part of being a responsible eco-conscious individual. Let us make this a norm and let us start NOW.* **”**

I WAS A BOTTLE !

This campaign is to promote awareness among stakeholders on the importance of recycling PET bottles. Aside from helping the nature to be preserved and not damaged due to the pollution that these bottles are causing; these bottles eventually turned out to be beautifully made, unique gifts and promotional items.

These products are coming from the PET bottles that people are using everyday. Eventually, these are trash that is being thrown which sometimes ends to the ocean that damages our marine life. Because of the technology where thorough studies are done to perfect recycling the PET bottle, RPET items are now a trend.

**Reduce
Reuse
Recycle**

BE RESPONSIBLE, BUY RPET PRODUCTS!

RPET MATERIAL

RPET stands for *Recycled Polyethylene Terephthalate*, which is PET plastic that has been recycled and made into new products. The main difference between PET and RPET is that RPET is made from recycled plastic, while PET is made from new or virgin plastic such as petroleum and natural gas.

WHAT RPET CAN DO FOR YOU

1000 KG OF PET BOTTLE CAN SAVE
7.4 CUBIC YARDS
OF LANDFILL SPACE

DID YOU KNOW?

100%

**RPET BOTTLE
CAN SAVE**

90% 75%

ENERGY

**GREENHOUSE
GAS EMISSIONS**

**100,000
RPET BOTTLES**
1,000 KILOGRAMS
OF VIRGIN PLASTIC
WOULD BE SAVED.

WHY RPET?

By promoting the use of RPET, the amount of plastic waste ending up in landfills or littering the environment is reduced. Recycling PET bottles into RPET helps divert plastic waste from disposal, giving it a new life and purpose in various products.

RECYCLED STAINLESS STEEL MATERIAL

HOW RECYCLING STAINLESS STEEL BENEFITS US?

1. Conservation of Resources - stainless steel recycling helps preserve natural resources. Stainless steel is made from a combination of raw materials, including iron ore, chromium, nickel, and other metals.
2. Energy Savings: can save 70% energy required from primary production.
3. Waste Reduction - Stainless steel is a highly durable material that can be recycled repeatedly without losing its inherent properties.
4. Economic Benefit – provides employment opportunities from collecting, sorting and manufacturing new stainless steel by products.
5. Quality Preservation - Stainless steel retains its quality and performance characteristics even after recycling.
6. Circular economy – circular economy where in materials are kept in use for as long as possible.

BAMBOO

MATERIAL

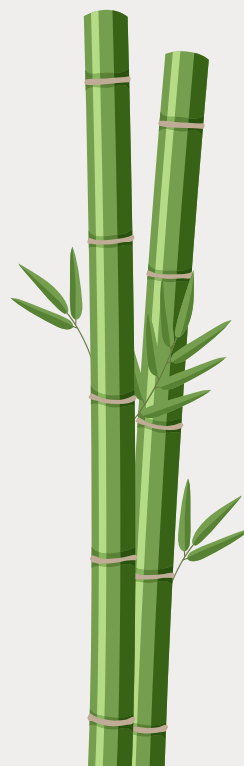

Bamboo is a fast growing and naturally renewable grass that grows like a tree that requires less maintenance to farm and doesn't need any pesticides and little water to grow.

Bamboo is widely used and made into household stuff, toys, business items, clothing. It is even consumed as food by animals and humans too.

It is stronger in tensile strength than steel with 28,000 psi compared to steel with 23,000 psi.

Insanely grow at 3 feet (90cm) per day grows maturely 1 to 5 years can be harvested every 3 to 5 years compared to other trees of 30-50 years.

When harvested, its roots grows again. Helps soil erosion

Grows
30x
Faster Than Trees

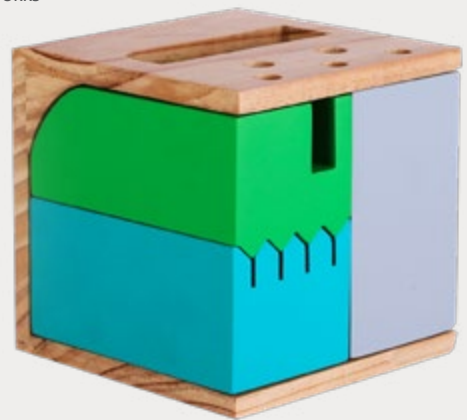

E-CUBE E6032

BAMBOO COASTER **E6026**

Please Refer To Page 156

RECYCLED BAMBOO MATERIAL

The trimmings and cuttings of the bamboo will not go to waste, however it can be made into something else. Starchy pulp is produced from bamboo trimmings, stems and leaves through a process of alkaline hydrolysis and multi-phase bleaching. Further chemical processes produce bamboo fibre which create garments, textiles, medical products, kitchen wares and others.

BAMCUP E7044

COFFEE GROUND

MATERIAL

Coffee ground when extracted was usually thrown away. Though there are home remedies that are known to recycle this, however, how about the wastes coming from coffee shops?

Studies found that coffee grounds can be made into a plastic that can be made into household products such as kitchen utensils, cups and others.

FOREST STEWARDSHIP COUNCIL

FOREST STEWARDSHIP COUNCIL

Forest stewardship Council (FSC) ensure landowners and wood product manufacturers use responsible forestry practices that protect water quality, avoid use of highly hazardous chemicals and protect valuable forests.

FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits.

THE RECYCLED CLAIM STANDARD (RCS)

The Recycled Claim Standard (RCS) is an international, voluntary standard that sets requirements for third-party certification of Recycled input and chain of custody. The goal of the RCS is to increase the use of Recycled materials.

The Recycled Claim Standard is intended for use with any product that contains at least 5% Recycled Material.

The RCS criteria extend only to the following areas:

- *Composition of the product and content of recycled materials;*
- *Maintenance of traceability throughout the entire production process in accordance with the criteria set by the Content Claim Standard (CCS) which is an integral part of the RCS standard.*

It is important to know that your favorite gifts and promotional products are using sustainable material and are even certified to ensure authenticity of the recycled material used.

HOW IT WORKS

WHY CHOOSE ECO FRIENDLY WIRELESS LOUNGE?

1 Build Relationship to User

A Good Marketing item will serve as a reminder for your brand

2 Good Quality has Great Value

If good quality then it will last more than 6 years, the longer promotional can be used the more exposure.

3 Established Real Environmental Goals

If your brand works towards being eco-friendly, eco-promotional items will stay true to your green beliefs.

We design Wireless Lounge to have functionality and stylistic cohesion in mind for the office desk standy, appealing to those who desire a charger that doesn't look like one but actively adds to their space as a simple desktop organizer.
